VGCX LAUNCH

VICTORIA GOLD is pleased to announce the launch of the company's new web site domain name: www.vgcx.com.

On February 19, 2020, Victoria Gold graduated from the Toronto Venture Exchange (TSX-V) to the Toronto Stock Exchange (TSX) and the company's trading symbol changed from VIT to VGCX. The web site change reflects Victoria's new TSX symbol.

Victoria President & CEO John McConnell was set to "ring the bell" at a TSX Market Open Ceremony on April 14 in Toronto, however, the COVID-19 pandemic postponed that event to May 20 and a virtual market opening. Several Victoria employees, including McConnell, donned wigs and hockey jerseys; cheering, whistling and clapping as the clock ticked down to the market open that day.

On July 7, Victoria announced its operations at the Eagle Gold Mine continue to perform well. During June, 13,828 ounces of gold was produced, and ounces of gold poured and sold increased sharply with further increases expected over the coming months.

The mine's commercial operation phase was achieved on Canada Day and from January 1 to June 30, the mine's total gold production totaled 38,896 ounces.

"Since Victoria restarted stacking ore in mid-March, we have steadily seen an increase in our monthly gold production. With the increasing price of gold, our June production at the Eagle Gold Mine has a value of greater than 30 million dollars."

- JOHN MCCONNELL | PRESIDENT & CEO, VICTORIA GOLD CORP.

With Victoria's web site domain name change, key email addresses have also transitioned. Several rewarding career opportunities are available at the Eagle Gold Mine as the company continually prioritizes Yukoners At Work. To submit a resumé, please email greatpeoplework@vgcx.com.

ABOUT VICTORIA GOLD & THE EAGLE GOLD MINE

The Eagle Gold Mine, now in production, is part of Victoria's 100-per cent-owned Dublin Gulch Property located approximately 375 kilometres north of Whitehorse and 85 kilometres north, northeast of the Village of Mayo within the traditional territory of the First Nation of Na-Cho Nyak Dun. The property is accessible by road year-round and is connected to Yukon Energy Corp's electrical grid. The mine will be a significant contributor to Yukon employing 350 to 400 people.
