THE TEAM AT VICTORIA GOLD IS EXTREMELY PROUD TO ANNOUNCE

its Eagle Gold Mine has achieved a significant milestone; surpassing one million safe work hours at site without a Lost Time Incident (LTI).

“Key to this accomplishment is the hard work and dedication of all the contractors, past and present, and their hundreds of employees, currently building or servicing the mine,” says Victoria Gold President and CEO John McConnell. “Together, with Victoria’s own employees, contractors are averaging 4,400 hours at site per day. Thank you and congratulations to everyone involved for joining us in believing that safety is a value and an integral part of everyday business.”
